February 2022 Prayer Letter

I will say of the LORD, "He is my refuge and my fortress, my God, in whom I trust."

Psalm 91:2

Please join us in prayer for:

1. Please continue to pray that all family members and staff remain in good health as Omicron continues to spread across the community. Please also pray for peace for them at this time.
2. Sufficient manpower to maintain a good standard of caring service.
3. Please continue to pray that Wing Sze can be pain free.
4. The schools and training centres are still closed due to the continuing situation with the Omicron variant. Please pray that our activities and programme will provide the joy, stimulation and health benefits that our residents need.
5. Please pray for our ongoing search for care workers. May God bring those who have a servant heart for HOLF.
6. The adjustment work for our ventilation system for Block C and D to go smoothly.
